- Vice Chair of House Veterans & Military Dev. Committee
- Development, Technology and Innovation Committee Member

# Specific bills: the ODI legislative package

Five bills build the operating system for defense growth: global partnerships, a defense commission, capital, tech transfer, and asset activation.

HB 291

**Ohio International Trade Commission**  
Creates a global trade platform for investment, joint research, business/academic exchanges, and technology centers—including electronic and cyber warfare collaboration.

HB 666

**Ohio Tech Institute**  
Creates a statewide tech-transfer institution to move university research into companies, workforce pathways, and commercialization.

HB 292

**Ohio Defense & Space Advisory Commission**  
Establishes a commission and expansion program to promote defense/aerospace, recruit international investment, support SCIFs and counter-UAS technology, and improve service-member/veteran quality of life.

HB 785

**ASSET Act**  
Advancing Strategic State and Military Asset Efficiency and Transformation: lets Ohio use enhanced lease agreements to activate unused public, university, and military real property.

HB 332

**Defense Link Deposit Program**  
Uses below-market linked deposits to lower borrowing costs for eligible small defense businesses so they can scale equipment, workforce, and contract capacity.

Sources: Ohio Legislature HB 291, HB 292, HB 332, HB 666, HB 785.
